Welcome to the Demo of Stardraw Design 7

What is Stardraw Design 7?

Stardraw's seventh-generation application for AV systems integrators, Stardraw Design 7, is not just a drawing tool, but a fully integrated project design and documentation system, which is still fast, easy to use, powerful and flexible, with access to a library of over 55,000 symbols from more than 650 of the world's leading AV manufacturers.

Walkthrough Movies - (doubleclick to run FullScreen)

Movies are recorded at full HD resolution (1920x1080). Use the YouTube player Quality Settings button to choose the best resolution.

Introductory Tour
A high level overview of key concepts and features within Stardraw Design 7: the latest AV system design and documentation software from Stardraw.com.

Basic Use 01
A quickstart guide to the basics of Stardraw Design 7.
